Even in His Own House.

"During the past six or seven years I have been

severely afflicted with kidney disease, causing in-

tense back-aches, dizziness, and other severe pains

through my body and limbs, rendering me so weak and prostrate that at times it was impossible for me

to do any part of my housework. I have had also

to find any relief from the doctor's prescriptions.

At this trying crisis, a friend persuaded me to obtain ottle of Hunt's Remedy, and I now rejoice that I

that no family should be without it."

fluttering of the heart, and was terribly distressed The Old and New. San Francisco, March 20th.—The old Board of Harbor Commissioners to-day sur-rendered their office to the new Board withfor breath. I was very miserable, and completely worn out and discouraged : I had no ambition to undertake to do anything, and barely sufficient strength to render existence desirable, having failed

doses, my health began to improve; I felt better every way. The fluttering of the heart, the intense backaches, and terrible shortness of breath speedily SAN FRANCISCO, March 20th.—A number of replies to the circular sent to all the wharfdisappeared, my strength and ambition soon re freplies to the circular sent to all the wharfingers pesterday by Controller Dunn have already lwas entirely well, and able to wash and iron and do my housework. Once in a while I am troubled with the head-che, and as soon as I am so taken I resort to Hunt's Remedy, and a few doses fix me all right. I shall never be without it in the future. I have frequently recommended the Hunt's Remedy to my friends, and they have experienced relief from the first dose. I heartily recommend it to all who are afflicted with kidney disease, or diseases of the liver, bladder or urinary organs. I think the system have yet been theroughly experienced in the circular sent to all the wharfingers on his direction of Constable Reproducts.

Lady Found Dead in Her Red.

Santa Barbana, March 20th.—Yesterday afternoon Mrs. Millio F. Walkinshaw, a New York city lady, who has been a guest of the Arlington Hotel over a year, was found dead in her bed. Deceased came here suffering with sciatic rheumatism, and was caused by the payment of wharfingers' receipts for March, and the meeting of the present new Board of Commissioners. Nevada, March 20th.—Joe Lawrence, a hard case, who several years ago was sentenced to the State Prison for killing a msn at Grass Valley, but was subsequently perdoned, was arrested here this evening upon a complaint charging him with attempting to commit rape upon his stepdaughter, a girl of fourteen. The magistrate before whom he was taken fixed his bords at \$3.500, and the prisoner asked permission to go out with an officer to secure bondsnen. While Constable Steve Venard was taking Lawrence down stairs from the Justice's office, the latter drew a knife from his sleeve and cut Venard on the back of the head, inflicting a wound two inches in length. Venard then struck Lawrence with his care, but the latter pushed him one side and ran out into the street, followed by Venard, who drew his revolver and commenced shooting. Three shots were fired at the fleeting pisoner, and it is thought the second one took effect, as Lawrence was noticed to slacken his pase after the second discharge of the pistol. THE LOMPOC RIOT.

Eight years ago a company of citizens formed and located the Lompoc Colony. They agreed among themselves that a condition should attach to every transfer of real estate that a given business should not be prosecuted upon the ground. But four times in that period has the condition been broken, and in each case the people have by violence resented the evasion. Some two weeks ago two men resolved to erect there a small building, and to engage in the sale of liquors, in opposition to the covenant. They were urged to desist, but refused to do so. A CONFLICT.

On last Wednesday the trial jurors in the Superior Court were excused until yesterday. Those residing in the country went to their homes. An order was made by the Court on Monday discharging the jurors from further service, but it was unknown by spoke to Harris about it two months those residing in the country, and yesterday they appeared in Court. When they went to the Board of Supervisors for their pay the Board refused to allow but one mileage. One of the jurors reported to the Court, and the dead at the straw-stack; I don't recollect

The Board of Supervisors learned of the order, and in a few minutes the Auditor received the following:

Auditor Gerber found himself between two fres, but up to closing time last evening the order of the Board of Supervisors had not been disobeyed. Judge Armstrong states that by excusing the jurors last Wednesday he saved to the county nearly \$400 in per diem pay, while the mileage which he allowed would amount to less than \$40. The statute says that jurors shall receive "twenty-five cents per mile for traveling from their resi-dence to the place of trial." Judge Armstrong says he cannot construe that to mean term, while the Board of Supervisors say they are willing to allow the claim if any

BOARD OF SUPERVISORS,-The Board of Supervisors were in regular session yesterday, all the members present. The Committee on Contracts and Printing reported adversely to the bid of William Gutenberger to dig wells and put in pumps at the County Hospital, and the report was adopted. The petition of McMillan and others for a new road district, the formed out of a portion of District No. 3, was heard, and a motion to deny the petiion was carried unanimously. A report was eccived from the viewer on the petition of J. M. Andrews and others for a road across Cosumnes river, and placed on file, and the matter was set for hearing on Tuesday, April 3d, at 10 A. M. A resolution was introduced Steinman, directing that the Superin-fent of the County Hospital be instructed not to pay more than \$2 for any hack, or more than \$1 for express wagon, for taking patients to the County Hospital, and that he pay neither without an order from some member of the Board. It was adopted member of the Board. It was adopted unanimously. The rules were suspended and claims allowed, as follows: Jesse Dear, jury fees, \$18 50; D. Osborn, jury fees, \$19; B. Ruhl, books for short-hand reporter, \$14 25; J. C. Tubbs, Justice fees, \$15; Thomas W. Gilmer, Justice fees, \$9; Margaret McCann, laundress, \$7 60. The Board then adjourned until 10 a. THE HOP MARKET. - A special report issued a few days since by the LeMays, hop factors, London, England, says: The market is working entirely in buyers' favor. Some holders are panic-stricken, and are selling their stocks to the highest bidders; this more particularly applies to the holders of American, Alost and Poperinghe hops; these descriptions are now being forced for sale at £3 to £4 below what they can, even now, be imported at. This state of things can only be described by the word panic—there is no reason in it; the stocks cannot possibly last until the new crop is ready for the market.

A Hog-Stealing Case. - Yesterday a Chinaman named Ah Lem was taken before Judge Armstrong on a writ of habeas corpus. The Celestial had been held to answer for hog stealing by a Justice of the Peace at Walnut Grove. The Court discharged the prisoner on the writ, the commitment having been found defective, but remanded him to the custody of the Sheriff and ordered an examination to take place to-day at 1:30 P. of Maltby's disappearance; but generally he stuck very close to his story of the day before. There are many expressions of disbelief in his statement, but his general bearing on the stand was as favorable to the truth of his story as is ordinary with witnesses who are put through as thorough an examination as was this one. It is claimed by the defendants' friends that he can be easily impeached. The following is a brief synopsis: When Harris and I went home we passed north up Fourth street to Court street, along Court street to where we saw Maltby struck, and as we came along we were talking until we saw Maltby; know it was Maltby by his walk, size and dress; he was dressed in dark clothes; recognized Rahm by his dress, hight and voice; could not see Rahm all the way as he went to the Court-house; first saw Rahm's companion after the blow was struck; he waited until Rahm came back from the Court house; deceased laid cat-a-cornered across the walk; neither of them attempted to assist deceased; when Rahm came back all that was said was by Rahm; he said, "Go and get the buggy." His companion went for the buggy, and was gone two or three minutes; he drove the buggy up to the gate; did not hitch the horse, and the two lifted him up, carried him to the buggy and put him in it; when they struck deceased I did not see him struggle; there was some difference with him after the blow and before it; Harris and I stopped so as to let Maltby go by without seeing us, so we would not have to stop and talk to him; after they put Maltby in the buggy Rahm went back to the Court-house, and along the south side of the Court-house to the rear; first got the idea Malthy was

It was admitted that the pistol found on Maltby's body was a five-shooting Colt's re-

C. H. Garoutte, defendants' lawyer, testified: Was District Attorney of Yolo county last year; had charge of Maltby's stomach, and assisted Dr. Spence in packing it in a ox several days afterward, and addressed to Dr. W. J. Johnson, chemist," and Johnson reported to me that he had received it.

The evidence here closed on the part of the prosecution. The defendants stated that under any other circumstances they would move to be discharged on the ground that the rpus delicti had not been proven; but under e peculiar circumstances they desired a vindication. Attorney Knight said that the defense would be that Maltby committed suicide because he was a defaulter, and that Frank Rahm had since had to borrow the money to make the defalcation good; and that it will show con-clusively that deceased had been indulging in irregularities in the office of the Sheriff dur-ing the time he was in that office. The defendants opened up their side of the case at 3:30 o'clock in the afternoon. W. B. Treadwell was the first witness called. He testified: Have examined the books kept by seased during the term of Frank Rahm as eriff, and during a portion of the term of Sheriff Barney. There was shown to be a shortage in Barney's term on fees due to Sheriff. The fees had been paid in and not credited in a good many instances. Barney has assigned to deceased all his accounts for fees during Rahm's terms. The shortage amounted to some \$4,000. Witness had not prepared a balance sheet and could not tell the extent of defalcations. In many instances credits had been made where fees had been paid in, and as there were many cases in which witness was uninformed as to paynents made, no estimate could be made. The hotel accommodations were more than could have been full of energy and thrift. The hotel accommodations were more than could have been expected, and without being patronizing, every one seemed to try to make our visit pleasant. The fair was in full blast, and the fruits exhibited were of excellent quality; such in fact as we have never seen in the Sacramento markets. Nature has given them a good cli-mate, never higher than 87° Fahrenheit, and seldom cold enough to freeze water. It has seldom cold enough to freeze water. It has also given them good soil; not the richest, but free from salts and qualities noxious to fruits. The men and women who live here have done the rest, for the rain has to be drawn to the surface with pumps from depths varying from 60 to 80 feet. Such pumping makes irrigation a work prosecuted difficulties, but the perseverance and energy of the people are supreme, and the success of semi-tropical fruits at National City is a fact

On the United States side of the line it was worth \$100 per acre; in Mexico, 25 cents per acre, the quality of the soil being exactly slike. What a boon is granted to all we found the hardest of uncomfortable vehicles to take us from the station to the town, and giving the first bad impression since the commencement of our travels. The country about there looks much more as though it was capable of producing everything than any other place visited, more especially so the land about the old Mission of San Bernardino, where we found the finest quality of oranges we met with, but none so large as the heavy weights before mentioned. We found none of the Naval variety, but plenty of the Wedertern, which are very sweet, and others of seedlings, which were exceedingly fine. We have explored the country quite thoroughly, and if asked where the most favored locality by Nature alone is to be found, where to raise the orange, we would say, without hesitation, "Old San Bernardine," It produces alfalfa and grain abundantly. For climate, National City has the palm. Our company have enjoyed good health, and seem to endure the rough knocks of the trip well. We were in at the Press of the trip well. We were in at the Press entertainment at Riverside, and can give it as our collective opinion that making speeches is not their forte. Barnes seemed to have the whole load on his shoulders, but he carried it without difficulty. Our party is taking in everything with becoming grace, and is having a jolly time generally, but we think old Sacramento county the boss yet.

A very enjoyable affair came off at 1213 F street Tuesday evening. Mr. and Mrs. John McGraw celebrated their twenty-fifth wedding anniversary. There were about seventy guests present. The presents were all of silver, and chiefly valued as gifts from friends. There was singing and music and a general good time, but the feature of the evening was the retying of the matrimonial knot, by the Rev. Mr. McKelvey. There were two bridesmaids and two groomsmen, Dr. and Mrs. Nelson acting as bridesmaid and groomsman, with another couple of fore their marriage. The minister made a few ap-propriate remarks, and closed the ceremony with a prayer. The occasion was a very pleasant one, and it was quite late when the assemblage dispersed.

WONDERFUL TEST

THE "GARLAND" RANGE

TESTED BEFORE A COMMITTEE OF OUR OWN CITIZENS.

The above cut represents this Wonder of the Nineteenth Century. After the Committee had carefully examined the "GARLAND," as well as the FORTY OTHER DIFFERENT STOVES AND RANGES before them, they awarded the "GARLAND" RANGE, of which L. L. LEWIS & CO. are Sole Agents for the Pacific Coast, the following award:

First—It will save in wood or coal for a period of one year, over any other Stove or Range, \$30; counting wood at \$6 per cord—that is almost paying for itself the first year. Second-The "GARLAND" RANGE is the handsomest, as well as the

best made Range yet manufactured. Third-It is the only Range in California that has an oven top that will

Fourth and last - It has the long-wished-for Broller attached to it, whereby you can Broll a Chicken the same as in an open fire. We have TWO CAR-LOADS OF "GARLAND" RANGES to arrive the last of THIS WEEK, and shall be pleased to have the public generally

We call special attention to our large assortment of

\$150 TO SS. Tacse COAL OIL STOVES are excellent for cooking a light meal during the coming het weather, and, next to a "GARLAND RANGE," we know of nothing more important in a well-regulated kitchen.

Merits of Barbed Fence: It is the cheapest fence made; the most durable; it is not affected by fire, wind or flood; does not cause snow-drifts; takes fewer fence posts; stock cannot push it down; it protects itself—acts on the defensive; it takes but little room; you can cultivate close to it; weeds are easily kept from it; requires but little labor to put it up; you can draw enough at one load to fence a farm; you can fence a good-sized farm in a day; it is the greatest practical invention of the age; and has come to be the farm and railroad fence of the country.

We advise every one who wishes to purchase wire, and wants the best, to buy the CACTUS BARB, as it contains all the favorable fe-tures that are required, and none of the objectionable ones. It is made only from the best annealed steel, fully warranted, either galvanized or painted; put up in spools of from 100 to 120 pounds each. Remember, it will not exceed 17 ounces per rod.

DENVER, Col., Aug. 29, 1882.

GENTS: I cannot find words with which to express my gratitude to you for the cure Swift's Specific has effected in my case. was afflicted with the horrible blood disease for three years, and after spending some time at the Hot Springs, considered my case a hoppless one. I used only one dozen small bottles of S. S. S., and there is not a sign of the disease remaining. My sores are all healed, my throat is entirely well; I am

clerk, I have seen so many hundreds of men dosed with Calomel, Iodide of Mercury and Iodide of Potash, until they were made complete wrecks, that I shudder to think of the misery which has been brought on the human family by the use of Mercurials for Blood Diseases. It is a crying shame that physicians will not acknowledge the merit of your GRAND Blacd Medicine. Use my name as you wish. J. H. RAIF, Broadway Pharmacy, Denver, Col.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting ourning sensation, and a weakening of the system in a manner the patient cannot account for. On exemining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin mixish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs. Add Office hours—10 to 4 and 6 to 8. Sunday, from 10 to 11 A. M. Consultation free.
